

Manufacturing With a conscience

Tuesday February 10th, 2015

We are extremely pleased to introduce this new line of Factory Coated shingles to our current product offering. We often receive requests for a finish that will protect the shingle while maintaining the natural beauty of the wood grain. Well... this is it! We now offer the Olympic[®] Maximum[®] Stain + Sealant in One Semi-Transparent Stain.

Waska[®] Max Sealer[™]

Natural Tone & Natural Tone Cedar

The "**Natural Tone**" option will protect the wood while highlighting its natural beauty. The second option is shown in the "**Natural Tone Cedar #716**" finish, but **can be produced in the tint of your choice**. If that is the desired option, we suggest choosing one of the **Olympic[®] semi-transparent stain colors**.

Features

- ✓ Enhanced waterproofing protection
- ✓ Advanced SunBlock[®] UV defense
- ✓ Extended color life
- ✓ Exclusive Scuff Guard[®] technology
- ✓ Provides a superb mildew resistant coating
- ✓ Low VOC 0.7lbs/gal (81g/L)
- ✓ Backed by the *Good Housekeeping Seal*

Warranty

Guaranteed to prevent water damage and graying for a minimum of five **(5)** years on cedar shingle siding.

We invite you to contact us to order your samples today.

Happy selling!
