

Manufactured With a Conscience

To our valued customers,

We often receive requests for a finish that will protect the shingle while maintaining the natural beauty of the wood grain. Well... this is it! The Olympic® Maximum® Stain + Sealant in One Semi-Transparent Stain, better known as:

WASKA® MAX SEALER™

The “**Natural Tone**” option will protect the wood while highlighting its natural beauty. The second option is shown in the “**Natural Tone Cedar #716**” finish, but **can be produced in the tint of your choice**. If that is the desired option, we suggest choosing one of the **Olympic® semi-transparent stain colors**.

Features

- Enhanced waterproofing protection
- Advanced SunBlock® UV defense
- Extended color life
- Exclusive Scuff Guard® technology
- Provides a superb mildew resistant coating
- Low VOC 0.7lbs/gal (81g/L)
- Backed by the Good Housekeeping Seal

Warranty

Guaranteed to prevent water damage and graying for a minimum of **five (5) years** on cedar shingle siding.

We invite you to contact us or your Waska supplier, to order your free samples today.

Happy selling!
